[Arbiter Game Notes](#) - Please make sure that you have your game notes entered in arbiter for each home game. These notes instruct officials on any special instructions about your home game information that they need to know. This can include but is not limited to: where to park, the location of their locker room, physical address of their changing facilities, etc.

Directions on entering game notes: Click on your schedule (where you find your officials) and you will see a column for notes with a clipboard beside each home game. Click on the clipboard, then when you are redirected, click on the green plus to add your notes. You will need to repeat this for each home game.

[Chain Crews](#) - The home team must have a chain crew for their games. We understand with COVID that the persons you have to run the crew may change each week. Please make sure that the members of the chain crew are adults. charlie@schsl.org
